SKIN PEN PRECISION®

SkinPen organically stimulates the skin's natural ability to repair itself. As we age the natural architecture of our skin deteriorates. This deterioration leads to fine lines, wrinkles, large pores and uneven skin texture. SkinPen comfortably creates thousands of controlled micro-injuries in the skin to trigger the body's natural wound healing process. This process results in the formation and re modelling of Collagen, which supports the underlying tissue.

COLLAGENWAVE® ULTRA

Collagenwave ULTRA takes radio frequency to the next level, enabling the Therapist to target problem areas. Radio frequency is delivered into deeper layers of skin and fat, using an ultra fine needle, to produce a higher level of skin tightening. The procedure is carried out by a specially trained Therapist and is excellent for tightening stubborn areas such as eyelids and reducing the fat deposit in the tear trough.

EYEBROW BAR

Every brow treatment starts with a consultation to discuss your desired brow style. Your stylist will 'map' your brow using Nilam's own "Eyebrowqueen" formula which includes tint or henna, waxing, threading, tweezing and trimming to create your bespoke brow. You will also be shown how to keep your brows looking fabulous everyday. If your brow hair is sparse your Stylist will suggest a regrowth program and show you how to "fake the look" until your brows grow into your desired style.

- We reserve the right to withdraw such offers at any time.

APPOINTMENT CONFIRMATION:

An automated appointment text will be sent to the mobile contact number stored on our client records 48 hours prior to booking. It is the responsibility of the client to inform us of any change in contact details when possible, Dermaspa takes no responsibility for unrecieved appointment texts and urges all clients to add any appointments to their own personal diaries as back up at all times. A PDF directions link is stated on the text which we highly recommend all new clients to use to find the clinic

REFUNDS

All treatments are optional and, when agreeing to treatments, clients accept responsibility for choosing those treatments, are responsible for understanding any side effects, and agree to adhere to the aftercare instructions. Dermaspa ensures that all necessary measures are taken to provide treatments to clients in a safe, high quality manner. This involves performing consultations with clients, keeping up to date with training and using high quality equipment, to name a few. Refunds will not be provided for adverse reactions where treatments have been provided in good faith. If a client fails to follow aftercare instructions and this affects the outcome of the treatment, a refund will not be provided.

TERMS & CONDITIONS

We advise all clients to read through the clinic terms and conditions before making a booking. These are put in place to safeguard the Dermaspa clinic and to ensure the best standard of service is offered to each of our clients.

When booking an appointment you are agreeing to all the Dermaspa clinic terms and conditions stated below.

CANCELLATION POLICY

Dermaspa requires 48 hours' notice to reschedule or cancel all appointments. This is due to a high number of no-shows and clients failing to notify Dermaspa with sufficient notice. All appointment slots in our clinic are in high demand.

CANCELLATION POLICY – BEAUTY TREATMENTS

A deposit of £15 is required for all beauty treatments to secure your appointment. This deposit will be non-refundable if less than 48 hours' notice is given to cancel or reschedule your appointment. This also applies to no-shows.

CANCELLATION POLICY – SKIN TREATMENTS

A deposit of £50 is required for all skin treatments to secure your appointment. This deposit will be non-refundable if less than 48 hours' notice is given to cancel or reschedule your appointment. This also applies to no-shows.

CANCELLATION POLICY – PRE-PAID PACKAGES

If less than 48 hours' notice is given to cancel or reschedule a treatment within a package, Dermaspa will regrettably have to deduct a treatment from your package. This also applies to no-shows.

CANCELLATION POLICY - CONSULTATIONS

We take a deposit of £25 for all of our consultations, this deposit can be redeemed against a treatment or product. Should you need to cancel or reschedule we kindly ask that you call us 48 hours before your appointment. Failure to give the full notice will result in the deposit being taken by the clinic. This allows us to manage our diaries and offer the appointment time to another patient.

LASER COURSE POLICY

Laser courses are sold in discounted packages of 6 treatments. Please note, a package of 6 treatments does not always equate to a full course, some clients may require more than one package.

The number of packages required varies from client to client and an initial assessment will be carried out during the consultation. The number of packages required cannot accurately be given before treatments start as we will not know at this stage how you will respond to the laser due to any underlying physiological conditions. These variables are out of our control. All treatments are optional, and when agreeing to treatments, clients accept responsibility for choosing to proceed and are aware that a further package may be required based on how they respond to the treatment.

Clients requiring body laser treatments will need to break up their laser appointments rather than having full body on one given day. This is because the treatment is very labour intensive and due to health and safety we need to limit the level of laser energy exposed to one client and therapist for this amount of time. The longest laser session that can be provided is 2 hours 45 minutes (e.g. a combination of full leg, hollywood, underarms and upper lip).

Clients are to be aware that Soprano Laser treatment is a hair reduction treatment and not a hair removal treatment.

MISSED APPOINTMENTS

All missed or cancelled appointments (which do not adhere to the notice period) will lose any deposit paid or in cur a set £10 - £25 charge (dependent on treatment) to their account. All account debts must be paid on your next visit to the Dermaspa clinic before further appointments can take place. This charge has been put in place to give the Dermaspa clinic the opportunity to accommodate other clients needing appointments at busy periods.

COURSE PACKAGES

All treatments purchased as a pre-paid package must be paid for in full, and not in part payment, in advance of the first treatment. All treatment packages must be taken within 18 months of the date of purchase; any treatments left untaken after 18 months will be forfeited.

Courses are non-refundable and non-part refundable. Treatment packages are only refundable for medical reasons or extreme circumstances where your course cannot be resumed. Any refund agreed is calculated by deducting the full list price of all treatments already taken, plus any charged for non-attendance, from the total price of the course of treatment, with the difference returned to you.

All pre-paid treatment packages impacted by COVID-19, including Government lockdown, will be extended by the period of time impacted. Please note that Dermaspa will not refund any difference in monies due to circumstances beyond our control.

ARRIVAL TIME

We ask that all clients arrive 15 minutes prior to their appointment. Lateness can result in your appointment being re scheduled

CONSENT/CONSULTATION FORMS

A number of our treatments require you to fill out a consent form prior to the procedure. These forms will be sent where possible via email to you prior to your appointment. This will be filed for future reference and treated with the utmost confidence in line with the DPA 1998.

NOISE LEVELS

We ask all of our clients to keep noise to a minimum during your visit and insist that all mobiles are switched to 'silent' for the consideration of other clients receiving relaxing treatments nearby. You maybe asked to take any calls downstairs when seated in the upstairs waiting area

TARIFF

We reserve the right to amend, modify and alter the tariff for individual treatments and packages without prior notice to our clients. Some treatments will incur an additional charge when carried out by Nilam

THERAPIST REQUEST

All staff are trained to offer high quality treatments of a similar standard. We cannot guarantee you will get your therapist of choice but we can guarantee that all therapists will be able to provide the same high quality treatment for you.

CHILDREN

For insurance reasons and the comfort of other clients, we have a strict "No children" policy at the clinic. We cannot accept any responsibility for a child's welfare so for the safety of us, the clinic and the child we ask our clients not

OMNI FINANCE

We give our clients the option to use 0% finance in order to fund treatments and courses we offer in agreement with OMNI FINANCE. Any issues and queries on Finance packages agreed must be taken up with the finance company themselves - see contact information below - Belvedere House, Basing View, Basingstoke, RG21 4HGTEL: 0333 240 8317

RIGHT TO REFUSE ENTRY OR TREATMENT

Dermaspa reserves the right to refuse entry to anyone who behaves in an aggressive manner, displays gross misconduct towards staff and other customers and exhibits threatening behaviour. Such behaviours infringe upon our rights as we are providing a service on private property. We also have the right to refuse to carry out any treatment if we feel the treatment is not suitable for the client and we feel we cannot get the best result for the client.

NEW HARMONY XL CLEARLIFT

***Pigmentation *Skin texture * Wrinkles * Fine lines**

The award winning ClearLift is a highly effective skin rejuvenation treatment that has achieved amazing results in clinics across the globe. Considered a 'lunchtime procedure' due to its quick and easy "In-and-out" approach, ClearLift is virtually painless, requires no downtime, and is completely safe for all skin types.

NEW HARMONY XL CLEAR VEIN

***Varicose veins *Spider veins**

Varicose and spider veins are blood vessels that become enlarged and visible due to weakened valves, which cause blood to pool rather than flow to the heart.

Harmony's ClearVein treatments offer effective, non-invasive solutions that close these veins and reduce or eliminate their appearance.

The treatments are safe and effective and provide reliable, long term results.

NEW HARMONY XL NIR SKIN TIGHTENING

***Aging, sagging, dull skin**

Known as the "lunchtime facial" this anti-aging skin tightening treatment helps reduce the signs of aging by targeting the deep layers of the epidermis with Harmony XL PRO. Imperfections such as wrinkles, fine lines, uneven skin tone and laxity of the skin can be treated across the face, neck, and décolletage. By heating the sub-dermal layers of the skin, the production of collagen leads to the skin tightening and leaves you with glowing, youthful skin.

THE FOLLOWING TREATMENTS BELOW AS PART OF OUR NEW HARMONY XL MACHINE LAUNCH WILL BE AVAILABLE SOON

NEW HARMONY XL IPIXEL LASER

iPixel Laser is the latest generation of FDA-approved fractional skin resurfacing. This highly effective treatment can totally transform the appearance of your skin, helping to reverse the signs of ageing and significantly improving texture, tone, pore size and any marks or scarring you may have on your skin.

This state-of-the-art technology is superior to older resurfacing laser techniques which gave similar results but with longer downtime. If you are looking to improve the appearance of scars to achieve healthy, glowing, youthful skin, then this treatment is the perfect choice for you.

NEW HARMONY XL TATTOO REMOVAL

Unwanted dark and multi-colored tattoos can be safely and effectively eliminated with Alma's range of tattoo removal treatments.

Successful multi-color tattoo removal requires a high powered laser that can deliver enough energy within the absorption spectrum of a wide range of colors.

The high power Q-Switched Nd:YAG 1064 nm laser is ideal for treating darker ink colors (black, blue and green), while the 532 nm wavelength is effective for brighter ink colors (red, orange and yellow). The mechanical Q-Switched effect works by vibrating and breaking down the ink particles in the tattoo. As the area heals, the body's immune system flushes away the shattered ink particles, causing the tattoo to fade with minimal risk of scarring or hypopigmentation.
